

## Summary of Survey Results

There are 59 RDSPD in Texas. The following survey was emailed to the RDSPD Directors of 57 programs because 1 program did not have an email address and the other program is GBCHI. To date 16 of the 57 programs responded to the survey. 14 of these programs service students from multiple school districts and two programs that service only one school district. 3 programs only have students receiving itinerant services. Out of the remaining 13 programs all, except for one, have their on site classrooms located in one school district and utilizing a feeder school system. One of the uni-district programs also use a feeder school system for their onsite campuses. Prevailing comments regarding the educational system for RDSPD revolved around the issues of student social development, curriculum and program operations.

## Survey Data

| Fiscal Agent for RDSPD | Feeder School System |    |                | Districts Served | Students |           |       |
|------------------------|----------------------|----|----------------|------------------|----------|-----------|-------|
